💼 EXPERIENCE

Software Architect

Pegaso Tecnología • Since April 2017

▸ In Pegaso Tecnología, I am involved in the high-level design choices of the company's key products.
▸ Support Jr. developers and coordinate with the help desk, test and sales teams.

Solutions Developer

Volante Technologies, Inc • Mexico City (Mexico) • Full-time • August 2015 to March 2017

▸ In Volante, I was the lead front-end developer. My main responsibilities were the design, implementation and programming of user interfaces using many front-end technologies.
▸ Architect several front-end solutions that connect with the company's key products through RESTful services.
▸ Functional requirements analysis based on the client's needs.
▸ Coordinate and support with the back-end, core, sales and pre-sales teams.

Selected achievements:
▸ Design multilingual and AJAX front-end solutions that consume secure (OAuth 2.0) RESTful web services.
▸ Wireframe and implement UI/UX components.
▸ Create a dashboard with real-time display using D3.js.

.NET Developer Sr

Pegaso Tecnología • Mexico City (Mexico) • Full-time • February 2014 to July 2015

▸ In Pegaso Tecnología, I was involved in the process of continuous improvement of several of the company's projects, which are based on various Microsoft technologies, such as ASP.NET MVC and Windows Azure.
▸ My key functions included updating applications to modern technologies and optimization of legacy code.
▸ I collaborated in the development of mobile applications using Xamarin.

Selected achievements:
▸ Adapt several projects with modern front-end frameworks (Bootstrap, KendoUI).
▸ Create several custom XSL transformations (XSL-FO and XSLT).
▸ Design from scratch two mobile applications with Xamarin, one capable of signing PDF documents.

.NET Developer

Beriatech • Mexico City (Mexico) • Full-time • November 2013 to January 2014

▸ In Beriatech, I was the project leader for "LoyalKlip", a loyalty and rewards mobile application.
▸ I was involved in the development and maintenance of the back-end (based on Microsoft technologies) and web services that provided information to the application.

Selected achievements:
▸ Adapt an existing rewards application to support international customers.
▸ Create web services that provided the user with recent rewards, membership updates, and nearest stores.

Developer Jr.

Netmark • Mexico City (Mexico) • Full-time • April 2011 to October 2013

▸ In Netmark, I was involved in the development, maintenance, design, database design, testing and administration of enterprise web applications using primarily Microsoft technologies (ASP.NET and Windows Azure).
▸ I was involved in various projects executed with the SCRUM methodology that ranged from e-commerce sites to banking applications, both web and mobile.

Selected achievements:
▸ Develop several web reports that created custom Excel/PDF documents and charts through filters.
▸ Create an ePUB reader application for Windows.

▸ Process millions of records with a mixture of Azure Table Storage and SQL Azure by using worker roles and threads.

Co-founder

Layan Studios • January 2010 to 2011

▸ Co-founder of a video game developer startup, incubated after being finalists in the 2009 Prosoft/Ministry of Economy "Juego de Talento" video game creation contest, with the Project "Path of Heroes: 1810".

Selected achivements:
▸ Create a business plan for increased funding.
▸ Create a company after being finalists in the competition of more than 100 projects.

📋 SKILLS

Web Development

▸ HTML 5   ▸ CSS 3   ▸ jQuery   ▸ AJAX   ▸ Bootstrap   ▸ LESS   ▸ HandlebarsJS   ▸ KnockoutJS
▸ KendoUI   ▸ Bower

Programming Languages

▸ C#   ▸ Java   ▸ JavaScript   ▸ SQL

Tools

▸ Visual Studio 2008 - 2017   ▸ SQL Server 2008 - 2014   ▸ Xamarin Studio
▸ IntelliJ IDEA, WebStorm   ▸ DBVisualizer   ▸ Visual Studio Code, Atom, Sublime

Technical Skills

▸ ASP.NET   ▸ Azure   ▸ SCRUM   ▸ Entity Framework   ▸ LINQ   ▸ Telerik Web Controls   ▸ XML
▸ JSON   ▸ MVVM   ▸ Xamarin.Android   ▸ Xamarin.Forms   ▸ Web API
▸ Team Foundation Server   ▸ Git   ▸ Oracle

Languages

▸ Spanish (native)   ▸ English (fluent; TOEFL PBT 610, TOEFL iBT 90)

🎓 EDUCATION

Master of Science in Information Technology

Carnegie Mellon University • July 2015 to December 2017

Master in Information Technology Management

Monterrey Institute of Technology and Higher Education • July 2015 to December 2017

Bachelor of Science in Information Systems Management

Monterrey Institute of Technology and Higher Education
• September 2008 to December 2013
